From OLLI Executive Director Debra Herman

Greetings!

We are finally back in person! COVID-19 is not over by any means, but it's time to try to reengage person-to-person. There is much to celebrate!

In the Tallahassee area, 10 Zoom classes and 24 in-person classes are scheduled at varied locations. Four Zoom lectures are also on tap for the OLLI at FSU Tallahassee Lecture Series.

In the OLLI at FSU, PC30A area, besides the classes scheduled, there's a new "Stay Curious Speaker Series." It's going to be awesome! Perhaps you'll make plans to attend one of the many engaging lectures on the coast in September, October, and November.

It's been a long time coming, and we hope to see you once again (and not only on Zoom!) No matter what venue you choose, we feel we have something of interest to most everyone. In addition, check out the many activities and field trips that abound. If you have a friend you think would be interested, let them know about our awesome OLLI and what it means to you to be a part of something that can uplift, encourage and excite you. It's time to rebuild our lives; it's time to get back to what we were doing before the pandemic turned our lives upside down. Let's find the joy and purpose. It's time to rejoin. Come back to OLLI!! We're here for you.

Debra

Messages from Member Presidents

Welcome back! As you know the last 2 ½ to 3 years have certainly been...interesting? However, as Bob Dylan once wrote “The times they are a changin’.” All of the folks I have talked to are excited that the new Fall Term will be offering in-person classes at familiar venues as well as Zoom classes. We will also have our wonderful Showcase at the Turnbull Center again. As always, the list of classes is top notch including history, science and nature, language, exercise and maybe a few surprises.

If you haven't attended a Showcase, I encourage you to come see what OLLI has to offer. The Showcase is a great opportunity to reconnect with OLLI friends, listen to instructors describe their courses, and peruse the displays of clubs and activities sponsored by OLLI. You will also have opportunities to meet the director, the program coordinator, members of the Executive Committee and Advisory Council.

Our organization is supported by our wonderful volunteers. These folks offer their time and expertise to be members and/or chairpersons of our committees, activities and clubs. We are grateful for the energy and the skills they bring to OLLI. Without volunteers we would not be one of the best OLLI organizations in the country.

I encourage each member to consider joining our other indispensable volunteers to keep OLLI running smoothly and efficiently.

After you purchase your pass, you will receive an email confirmation that must be printed out and placed on your dashboard on the driver's side. We will analyze the creation of occupation zones in defeated Nazi Germany and its capital of Berlin by the victorious American, British, French and Soviet Allies; rising tension between Western and Soviet allies resulting in the Soviet blockage of Western supply lines into the city of hungry Berliners; separated East German families escaping to the West; the 1949 Berlin Airlift; Soviet construction of the Berlin Wall; U.S. Presidents John F. Kennedy and Ronald Reagan, and Martin Luther King, Jr., and Mikhail Gorbachev visiting Berlin; and conclude with the triumphant fall of the Berlin Wall and the 1989 reunification of East and West Germany into the Federal Republic of Germany. She served as U.S. ambassador to the United Nations and was instrumental in passing the Universal Declaration of Human Rights. Singers/Songwriters of the 1970s (Zoom)

6 sessions with Robert Joyce, Professor/Instructor, University of South Dakota, Sioux Falls

In the early 1970s, folk music was slowly declining in popularity, and rock fans were drawn to artists who wrote and performed their own material. This course will explore four of the most dynamic singers/songwriters of the decade when rock became a major industry. The careers, music and extraordinary talents of these artists (Carole King, Elton John, James Taylor, Joni Mitchell, Bruce Springsteen and more) will be explored. Class size limit: 90.

Early Cuban Exiles: Memories of Loss, Struggle and Rebirth (In-person)

2 sessions with David Powell, author, lawyer, and former journalist

Location: [Red Hills Village Retirement Resort, 5103 Cold Harbor Dr., Tallahassee, FL 32312](#)

This course is about Cuban refugees who came to the U.S. in the first 15 years after Fidel Castro assumed power in 1959. It's drawn from my new book, based on interviews with 54 narrators. More than 600,000 Cubans came during those years. My narrators recount their memories of the island before and while it vanished in an all-consuming revolution. Once here they realized they could not return, so they made a new home in the U.S. Their story shows ordinary people caught in a struggle against powerful forces over which they had no control. It's a story that shows America at its best. Class size limit: 90.

Tallahassee Takes Flight: Mabry Field (In-person)

3 sessions with Chuck Wells, Chair/CEO, Dale Mabry Army Air Field Museum, Inc.

Tuesdays, 10/25, 11/1, 11/15 | 9:30 - 11:30 a.m. ET | \$35

Location: [Westminster Oaks, 4449 Meandering Way, Tallahassee, FL 32308](#)

Established in 1929, Dale Mabry Field was Tallahassee's first municipal airport, honoring a native-born aviator killed in a fiery crash, making news around the globe. Leading up to World War II, the airport was converted to an Army air field, literally placing Tallahassee on the map, and figuratively causing a volcanic socio-economic sea change. Today, the airbase is "our Pompeii," a self-contained lost city, buried under modern-day Tallahassee, that few know anything about. This course explores the interconnectedness between world events, Tallahassee's aviation beginnings and modern-day Tallahassee. Class size limit: 90.

¡Español Por Favor! (In-person)

5 sessions with Laura González Morris, Academic Tutor

Tuesdays, 10/18, 10/25, 11/1, 11/8, 11/15

The aim is to provide opportunities for students to learn how to read, write and, most importantly, how to speak in Spanish! Using fun and informal activities, students can become comfortable speaking in Spanish. Be assured we will not be using boring rote conjugation or work sheets, which you might have had to use previously. Come join us. Don't miss this opportunity to finally become bilingual. ¡Hasta Luego Amigos! **NOTE:** Some Spanish background preferred but not required. Class size limit: 25.

Tuesdays, 10/4, 10/11, 10/18

12:00 noon - 2:00 p.m. ET | \$35

Early modern maps are complex visions of the world influenced by the cartographer's culture, interests, purposes and intended audience. The specific topics we will examine in this course include a world map made for Henry II of France in 1550, one of the most beautiful maps to survive from the Renaissance; images of Asia in European maps; and some 17th-century maps that have indications of shipwrecks and treasure on them. The earlier courses about maps that I have taught are not prerequisites for this one—all of the necessary context will be explained in this course. Class size limit: 90.

The "Intermediate Walkers" walk between 3 to 5 miles in 1-1 ½ hours on more wooded trails that may have roots, grass or gravel but are usually shady. About once a month both groups will walk trails in the same park so afterwards we can gather together at a picnic table to enjoy refreshments and some social time. The OLLI Travel Club continues to look forward to traveling the world. We have planned several amazing excursions in the coming years and we know that traveling with OLLI friends provides a much richer experience than traveling alone.

You do not need to be a member of OLLI to join the Travel Club; however, you would need to join OLLI should you choose to travel with us. Join us to learn about all the wonderful OLLI trips. Learn more, share more and enjoy more of the world when you travel with OLLI!

Volunteerism/Positions and Needs

Our OLLI volunteers are amazing, and we can't thank them enough for their efforts in expanding our OLLI program. The Curriculum Committee, chaired by volunteers, researches course opportunities, recruits instructors and schedules classes. If you have an idea for an interesting class, please be that volunteer who brings your idea to the Curriculum Committee. Contact Curriculum Co-chair Carroll Bewley, carroll.bewley@gmail.com, or Co-chair Fran Conaway, franconaway32312@gmail.com.

Activities, clubs and field trips are provided by creative volunteers who have an area of interest and are willing to sponsor and manage these events. If you have a special interest, please let us know and we will help you share it with other OLLI members! Contact OLLI 1st VP Bruce Bechard, brucebechard@yahoo.com.

The OLLI catalog and other OLLI information and promotion materials are designed, written and edited by volunteers along with the staff. Volunteers also consult on and execute public relations efforts to promote membership and participation in OLLI. Have skills in this area? Let us know. Contact Communications and Marketing Committee Chair Fran Conaway, franconaway32312@gmail.com.

Volunteers also are responsible for philanthropic and fundraising campaigns. Look for information about ways YOU can help make OLLI even better in the near future! In addition, volunteers manage course and annual surveys, and derive data to support planning and operations. Members of the Advisory Council work throughout the year to plan for the future of OLLI. All these volunteer efforts provide an amazing OLLI experience for you. If you have any suggestions or ideas on expanding volunteer opportunities, or if you wish to volunteer for OLLI, please contact Jack Mapstone, edwjmap@gmail.com.

Call for Class Hosts

We are so excited to reinstate the OLLI Class Host positions! It's been way too long since in-person classes have been held and we are all ready to be back together again. If you've taken classes in-person in past semesters, you're aware that one of the important ways OLLI welcomes new and returning OLLI members is by having a host for each class. They greet students, make sure attendance lists are maintained, support instructors as needed, make announcements and serve as a conduit for messages from students to OLLI administration and leadership. Being a class host gives you the opportunity to get to know your classmates and provide an important service to them. Class Host training will be Wednesday, September 28, 10:30 - 11:30 a.m. at PeoplesSouth Bank on 2920 Kerry Forest Parkway. Ample parking is available. If you are interested or would like more information, contact Jan Smith, jansmith1642@gmail.com.

Class Hosts are needed for all in-person classes.

*Activities and clubs are an important part of the OLLI experience and are managed by industrious, creative and hardworking OLLI volunteers! Members seen on the left during the weekly Wednesdays with OLLI gather together for food, friendship and fun. **Wednesday's event is open to non-members as well!** On the right, members learn all about gardening in Florida at the UF Extension Office - an activity chaired by OLLI Member and New Member Representative Marie Clewis. Volunteering for OLLI is engaging and rewarding! For activity and club information see pages 17 and 21.*

Giving Back

OLLI Scholarships to FSU Students

In the spring of 2023 OLLI will award scholarships to three full-time Florida State University students and one scholarship to a student military veteran. The three colleges chosen for these scholarships will be selected by the OLLI Scholarship Committee. Also for 2023, Susan Yelton, OLLI volunteer and past president, has generously committed to donating a \$1000 scholarship to be awarded to a student at the Panama City FSU campus.

The OLLI Scholarship Committee coordinates the nomination/application process, and the Advisory Council independently scores the accepted applications.

The 2023 scholarship recipients will be introduced to the members at the Annual OLLI Spring Business Meeting.

OLLI Philanthropy – Small Gifts Can Make a BIG Impact!

OLLI at FSU depends on the generosity of our members. AND the best news is that small gifts add up to very large sums. Our small donors have, in the past, exceeded our goals and given OLLI the ability to expand course offerings, including courses by instructors who live across the country and around the world; present lecture series and other activities; maintain affordable membership and class fees; fund scholarships for OLLI students; increase the stipends for our professional instructors; and spread the word about OLLI and all it has to offer.

Throughout the year, supporters' gifts are welcome and sustain and build our organization in many ways. OLLI also participates in the FSU Great Give in March of each year. This is a great way for OLLI members to show their support for a specific purpose. Your contributions are truly an ongoing gift and allow OLLI to offer an even better program for our members! Thank you for your continued support! Members of OLLI at FSU are recognized for all types of gifts. For benefits, see olli.fsu.edu/support-olli-fsu.

OLLI Partners

Connecting with local businesses and organizations helps expand programming, grow public image, and build standing in the community. Sponsorships also assist in offsetting expenses, like rental fees, and contribute to our sustainability. Thank You!
